~~~~~  
**PREFACE**  
~~~~~

This book is a collection of moments—some held close, others left behind. It speaks of love in its purest form, the ache of absence, and the memories that linger long after someone is gone. These words are drawn from the depths of longing and the quiet understanding that some connections never truly fade.

For those who have loved, lost, and carried the weight of remembrance—this is for you.

~~~~~  
**ACKNOWLEDGMENT**  
~~~~~

Writing this book has been both a catharsis and a calling. To my family and friends: thank you for your unwavering support, for standing beside me through the storms of memory and the quiet of creation. To those who unknowingly inspired these words—you have left footprints on these pages, even if you never meant to.

And to my readers—you give these words a home beyond my heart. Thank you for seeing pieces of your own story within mine.

~~~~~  
**DEDICATION**  
~~~~~

To the one who was my beginning and my end, whose presence shaped my world and whose absence reshaped my soul. This book is a testament to all that was and all that will never be. Wherever you are, these words will always belong to you.

I was wondering how crazy it is that God has designed
'breath' and 'heart', with the same letters engraved in each.
Just like yours and mine.

In this way, the absence of **One** makes the other worthless.

- Warmth

All about you and me

I was in my own shades of “gray.”
You came and showed me different shades of black.

- Sadness

We kept our nicknames the same as each other other. “*Ammuu.*”

But you say you don't miss me when your friends and family call you by the same name. Overcoming's are hard, my dear. So don't try to win an argument.

- Ego Stories

I want to know what extra lines she got in her palm,
that she got you so easily without any efforts.

Here I am dying to make my lines correct with the “Red Ink-
blood”, shaping my lines with a knife, to have you in my life.

- Lost Love

I removed my clothes in front of you.

But you removed my soul in front of everyone.

After that, I never got a chance to be myself again.

The scariest part of trust.

- Saddens

*W*ish I were super tired every day.

So, as soon as I go to bed,
I fall asleep without your thoughts.

- True Lines

All about you and me

I wish my soul had subtitles; at least then,
you would understand what my love is!

- Broken Life

How do the same words resemble both feelings?

“Happiness and Sadness.”

*I believed it when both feelings were given by the same person,
and that was you.*

- Reality Check

*A*fter you left me, I returned to my old days of sleeping between the pillows I used to sleep, not allowing anyone to touch me even while sleeping.

- Body and Soul Only for You

You randomly said that it had been a while since we met.
But for me, it was 7 years, 9 months, 17 days, 38 minutes,
14 seconds, 58 nanoseconds.

- My Thoughts

*A*fter you left, I started believing in God, which I never used to.

Wishing— miracles may happen, and “we” will be back again.

- A Deeper Wish

All about you and me

You left pain in the place where even air can't enter,
nor water can flow.

- A Dead Body Decoded Words

*T*rying to find the soulmate—

Who understands my soul, not the mind, not the body, not the words, not the heart.

- Still Didn't Find One

*The movie we watched together had a superb plot,
exciting twists, crazy songs, and a blockbuster ending.
But when I started watching again all alone, everything
seemed to be different, even the subtleties.
The entire movie was in a different joner...!*

- Absence of You

*You are my all-time favorite mistake, my dear.
and I am trying to accept it with a smile.
With time, I managed to act like I am happy.*

- Healing Stories

*D*imples on my cheeks disappeared from the day you left a part of us and our home.

Come back, dear—my heart is still beating, Only for you...!

- *The Last Notes*

I remember my mom telling me that

Our hearts and wrists have a close connection, with sizes that may match, lines to veins, feeling held, and much more, like how we check the veins at the wrist when we fall unconscious.

If that were all true, then why would people in our hearts won't be in lines on our wrists, nor would the people in our wrists be in our hearts?

- A Question Mark

All about you and me

We are like two eyelashes that never
separate, together in every eyesight.

- Love

You came like autumn in my life—for a bit of time with beautiful colors, extraordinary love, a lovely climate, just like a spinning top.

In all those, I forgot that other seasons exist too, and the spinning top will rest once it is done.

A Story of Fallen Leaves That Still Hopes for the Next Spin

*W*hy do the unsaid words end with the question mark,
“Do you really love me?
Will you be there for me?
Will you marry me?”

If said, maybe those will be the last words with ‘A complete full stop.’

- A Half-Written Love Story

Someone asked me, "What is your favorite hobby?"

To make you smile!

- My Forever

All about you and me

Everyone is alive because of their heartbeat.

But I am alive in every beat of your heart, my dear!

- Graveyard Story

Everyone says there are seven colors in the rainbow.

But to my eyes, they are actually 14 with the mixture of each other's. This is something I can only see in your eyes each year, when the clock strikes 12 on my birthday.

- Rare Phenomenon

You are like a tattoo on my body, totally immersed in my blood, which will be forever with me, even after death.

- Permanent Marks

You told me that you love me with all your heart, for the rest of my life, with all the memories, love, and places—by holding my hand and listening to my heartbeat.

But you forgot to highlight the most important part—in the memories.

- Half-Burnt Soul Words

All about you and me

I got so used to your presence that even your absence feels
like you're here with me around.

- Illusions

*W*hen you were with me, you gave me so much strength and taught me to fight for what I believed in, even against the whole world, when I was right.

But I realized that you never taught me how to deal with the war that started after you left me.

- Fights Within Me

I gifted you infinite moments of love to live for the rest of our lives, whereas you gifted me an infinite moment of pain and silence to live with.

- Learned Lessons

All about you and me

You never apologized, even though I have 10,000 reasons
not to forgive you.

- Regret Lives

All about you and me

*S*mile and happiness are two different things.
But for me, both seem to be the same when you are around.

- *Mine Forever*

She: What was my mistake??

Loving you or leaving you?

He: Loving me after leaving you...!

- Nightmares

All about you and me

*W*ith “yours,” you took away all “ours” and left me with
all Ys.

- Mists of Mystery

I wish, I were the falling stars to make every wish of yours
come true.

- Wishes

There I was, who used to cry while watching sad ending scenes in movies.

See where you brought me; even heartbreak seems to be normal.

- Some Stubborn Stories

All about you and me

She: What mistake have I made?

He: Knowing that I will leave you and still loving me with all your heart.

- Selfishness Need

Who said I can forget you after that incident?

The difference is I don't remember you. And, if I remember you, it would be with all the incidents.

Yes, it's true; I was there for only you then.

- Truth

All about you and me

*Was I too soft that you broke me into a thousand pieces,
and in each piece, you left your reflection?*

- Emptiness

All about you and me

I want to live my life in the memoirs that we made together. But unfortunately, you killed me in those memories, my dear.

- Death Note

All about you and me

T *True definition of my happiness...!!*
Is all about your presence!

- Magic

Why do we always fall for the one whose absence will
make us cry rather than the one whose presence makes us
happy?

- Destiny

*F*rom the day you left,

I never saw a rainbow, rain,

I never saw a sunrise, a sunset,

And an orange sky.

As it was dark around me and inside me.

- Lost Story

You always gave the love you wished for.
But you forgot to give me the love I always wanted.

- Forced Love

*I*wish I knew the way to stop you from loving me.
But now, I don't want to learn the way to bring you back.

- Past Triggers

You prepared me for hard goodbyes.

But forgot to teach me how to leave after that.

Dear, getting away is hard, but living with the memories is even harder.

If you don't believe me, ask my nightmares.

- Broken Pieces

All about you and me

I have seen the colors of happiness

Whenever I close my eyes on your shoulder, my dear...!

- Love

All about you and me

*In the mists of your caring and responsibilities, let me be
your fragrance!*

- Love

All about you and me

*H*e: *How much do you love me?*

Me: *In simple words, you're the reason for my smile.*

- Love

All about you and me

Should I tell a secret of my heart?

Shhh!! It beats only for you and in your name.

- Secret Love

Heart - Do you want her back in your life?

Head - I want her to be happy and the happiest always.

Mind - Think of a way to get her back, not because she is happy without you, but because you are not happy without her.

Destiny - Maybe in the next life.

- Permanent Marks

*You are planning to build a new house with her.
But along the way, you overlooked the “home” we made
together.*

- Stone Story

He: Do you ever miss me?

*Me: No, no. But I remember you in every space between my
lub-dub heartbeat, my dear!!*

- Love

All about you and me

*You're the only reason I always wish to come home a little
sooner from work, my dear...!!*

- Love

All about you and me

*L*iving like a “kid” is always a bliss.

Lucky me! I have you.

Then vs. Now.

Then: Taking all the stuff from my shoulders as soon as I step out of school – ***'Dad.'***

Now: Taking all the stuff I am carrying as soon as I step out of the office – ***You***

Then: Arranging my lunch bag and making sure I won't feel hungry – ***'Mom.'***

Now: Angry with me for not finishing my lunch box with heavy meeting schedules – ***You.***

Then: Keeping 5-10 alarms to wake me up and making sure I wouldn't be late for school – ***'Sister.'***

Now: Waking up along with me to prepare my breakfast, even though you work from home – ***You***

Then: Making sure to stand in front of me so that no one could cross him to tease me – ***'Brother.'***

Now: Always behind me as a protector and teaching me to face the world – ***You.***

Then: Was scared to sleep alone – ***'Me.'***

Now: Always between my sleep and my dreams – ***You.***

I can proudly say thanks for being my man, ***my dear.***

I wanted to know how God made two bodies with one soul.
The second your heart stops beating, that is my last breath...!

- Womb Story

*P*eople tell me that I glow differently when I am truly happy.
But I don't know how; I glow differently whenever you are around me.

- *Happiness*

I dreamt of our togetherness in my dream today, but I
know the truth –
It was just a dream that won't come true, even in dreams.

- Dreams

All about you and me

I never believed in magic until and unless,
I opened my eyes next to you.

- Dream v/s Reality

*L*oving you was the only destination I had before I loved
you.

*But after I love you, forgetting you was the only destination
you made for me!*

- Regrets

All about you and me

I always wished our love of rain would end up in the river.
But you always directed our love to end up in the ocean.

- Hopeless

You made me realize that even a broken colored pencil can be made perfect by being given a new shape, rather than leaving it as is.

- Healing Stories

Why do people always differentiate between
night and midnight?

*Because it's the only time when your heart overcomes the
decisions made by your mind.*

Dear love, I miss you every second of the midnight.

- Sleepless Nights

*T*here is so much of 'me' that you took away along with
'you.'

- Breakups

All about you and me

*Y*our name is the synonym of my smile.

- Love

*Everyone remembered my name as 'your girl' as a
nickname...!*

*You left, but they still remember me with the same nickname,
which made them easy to identify and hard for me to forget.*

- Views

I have never been tired of loving you. But you always remained silent...!

I thought I never mattered to you, and I moved on with others.

But lately, I came to know you loved me more than yourself after seeing your name in the "Donors' list" at a hospital, dated the same day as my marriage date.

Confessions are more important, dear.

- Silent Love

*W*ithout losing anything, you can't get everything you
need in your life.

Even the Heaven entry asks for your life, dear!

- Forecasting

All about you and me

*M*y existence has no meaning,
And that was proved by your absence...

- Waiting Heart

All about you and me

***B**eing a hope for your tomorrow is the true meaning of my
life.*

- Happy

All about you and me

*Y*_{our} "Hello" is my biggest weakness!

- Past Stories

All about you and me

*H*eaven seems to be so small.

When you're with me, my dear..!

- Like

All about you and me

You – The reason why I ‘smile.’

- Relationship

All about you and me

You don't deserve a good: Me.

- *Revenge*

I don't want to be perfect; I want just "us."

- Imperfections

*I*t's not about "me" or "you." it is about "we and us."

That's the problem, dear!

- Togetherness

All about you and me

You loved my body and raped my feelings.

- Reality

All about you and me

*M*y love is not a guesthouse for your short visits!

- Self-respect

All about you and me

You made me forget how to smile, after loving you.

- Broken Life

*C*onsole her with your

"Sorry" - Even if it's not your mistake.

Comfort her with your

"Hug" - Before she feels the same.

Convince her with your

"Love" - Express before she proposes.

Confident her with your

"PRESENCE" - Give her priority over you.

- My C's of Life

I wish even my heart had a bandage facility.
But, sorry, the wounds you made need
“surgery.”

- Permanent Marks

*Truly, I will erase all of our memories and feelings.
If my heart would give “permission.”*

- Mind vs Heart

You hurted me so deeply.

*Even if I want to forgive, my heart is whispering your words
again and again.*

Sorry, I am unable to cross the lines.

- Mistakes

I was wondering how people differentiate
“Hell and Heaven.”

*Finally, understood from my side that it depends on your
presence and absence.*

- Love

I didn't know that "like" can be converted
into "love" unless and until you start liking me.
And I didn't know that "love" can be converted into my "life"
unless and until you start loving me.

- *Infinity Love*

*H*e: *How much do you love me?*

Explained with an Example

She: I always gave you my window-side seat; it's not that I don't enjoy the view or like it.

It is something way beyond.

"I love you more" when you enjoy the landing and takeoff by clicking the same pictures again and again for the same destinations, just like a kid.

- Importance

You lost me the day I realized how easily
you could replace my place with any person.

- Breaking Promises

All about you and me

I gifted you everything you wished from $-\infty$ to $+\infty$.

In return, you gifted me the one I didn't ask for—from tears to sadness.

- Lost Stories

*T*raveled all the way from one country to another country.
(28 hrs. of travel).

*All the stress vanished after seeing a rose in your hands and a
spark in your eyes when you saw me at the airport.*

Anything for you, my dear love!

- Long Distance Love Story

All about you and me

You occupied the space between my

“sleep and dream.”

Your signature on my dream!

- Blind Love

I didn't realize he was sharing the same
Snapchat stories for both of "*Us*," saying this was only for
"you."

- Cheating

He reacted to all the memes she shared, but he forgot to realize that those were the same memes that were shared with me when He was falling for me in the past.

- Past Stories

I said people who leave the relationship

“first” will not feel sad.

My friend corrected me; it's not about the person who left first or second.

It's all about the person who never 'loved back' the way you loved and who will not have any feelings.

- Corrections

*O*mg! He loved every girl the same way. (Same messages,
same stories, same romance, same love—everything was same.)

*Mad me! I thought I was different and mad enough to fall for
him again and again.*

- Broken Heart

Things he took so lightly:

My caring

My concern

My heart

My love

Things he took so seriously:

Credit card bills

Falling for others

Their special days

Impressing others with the same stories

- Life

*"It takes **time** to forget the love."*

Extension. "It takes a ***lifetime*** to forget them!"

- Lost Stories

You stopped our journey at “like,”
but how stupid I am—I imagined babies with “you.”

- Breakup Stories

I forgot to love myself back by loving you
more than you desired.
Now, I am struggling to love myself back without you.

- Broken Heart

All about you and me

He said he would be there for me.
But he forgot to specify the time.
Until he found the next girl...

- Next Chapter

*B*roken heart words. I said there was nothing before he
came, and there was nothing after he left.
A hope, will you allow '*ME*' to be your something.

- Healing Story

*H*is ex begged me not to believe him. Now, every second, I regret why she didn't force me or blackmail me not to love him.

- Regrets

Whenever you upload a new picture to your profile, I used to see the things around you and secretly wish to be one of them, to be with you.

- Blind Love

You left me to live with your memories!

(Our shared cupboard, enjoying movies together, sharing a sofa, same home, car rides, trips, common friends, sharing clothes, etc.)

Oh my god! How can you move on so easily?

Here, I can't even think of replacing your clothes in our cupboard.

- Internal Bleeding

All about you and me

*F*or temporary pleasure, you left permanent peace.

- Life Stories

*U*nderstanding that I like a 'song' is okay,
But understanding why I like it is way beyond.

Thanks, dear, for reading my brain.

I felt anyone could understand my heart easily, but it takes a
special one to understand my brain.

- Impressive

She always wished for him to stay back.

*But you never know how strongly someone is praying for him
to be their life.*

- Destiny Stories

Someone said caring is the first step of love.

*I didn't believe it until you traveled from one state to another
to see me for an hour during your busy schedule after hearing
me sneeze on our morning call.*

*Please, dear, don't love so much;
I may start believing in 'love' again.*

- Efforts

All about you and me

Someone is eagerly waiting to share
the good news '*first*' with me...

And you, not even thinking of sharing the 'news',
just as a random person.

- Priorities

I asked, "When do you love me the most?" (Dressed well, cooking, caring, dancing, singing, etc.) I begged him to give me at least one specific reason.

With a low voice, he replied,

"In the mornings, with your half-open eyes, messed-up hair, unbrushed teeth, yawning face, crackling with the blanket towards me and hugging me tight, begging for an extra five minutes of sleep, dragging me to sleep beside you.

Those mornings, every minute, I fell in love with you again and again."

- Simple Things

You lived very happily when you were with me. Actually, you forgot that we spent years together.

But somehow now, you're trying to act very hard so that you can live happily without me.

But in reality, you're struggling to pass a single day, and I came to know through our common friends.

- Known Reality V/s Ego

*Just give me one more reason to hate you.
Promise, I will never come back to you again.*

- Reasons to Leave You

I really want to forget you. I am trying really, really hard,
and I will definitely one day!

But when I type 'Love' on my phone, it automatically appears
with your name as the next word.

After all, a non-living thing has stored you that much.
I am a "Human", dear! It will take time.

Even if I disabled the autocorrection, muscle memory still
exists with your name.

All about you and me

To return your love, I need one more life, dear.

- My Broken Story

*F*or everyone, the melting point is 32°F;
for me, it's your tears, my dear!

- Melting Stories

*O*ne day, a genie asked us to make a wish for both of us.

After hearing the wishes from both of us, the genie replied that no two wishes should be the same.

His corrected wish: Let her leave this world before me, because no one else can take care of and love her as well as I.

Mine: Let my breath be his too. Because no one else can replace my absence in his life.

Genie accepted.

Together and Happy Forever.

All about you and me

I always wished to be the “*One*” whom he wished for.

- In Next Life

*L*oneliness is the only place where I can be with you –
Your thoughts, your words, your smiles, your naughtiness, your
habits, your complaints, your smell, your handwriting, your
gifts, your love—each and everything in your name..!
My loneliness is all about your presence..!

- Memories

All about you and me

I tried writing my story without you,
But every sentence still spelled out your presence.

- Bleeding Story

All about you and me

*The hardest part I was thinking about,
Is leaving you or forgetting you.
But reality hits differently,
The hardest part is imagining you...!!*
